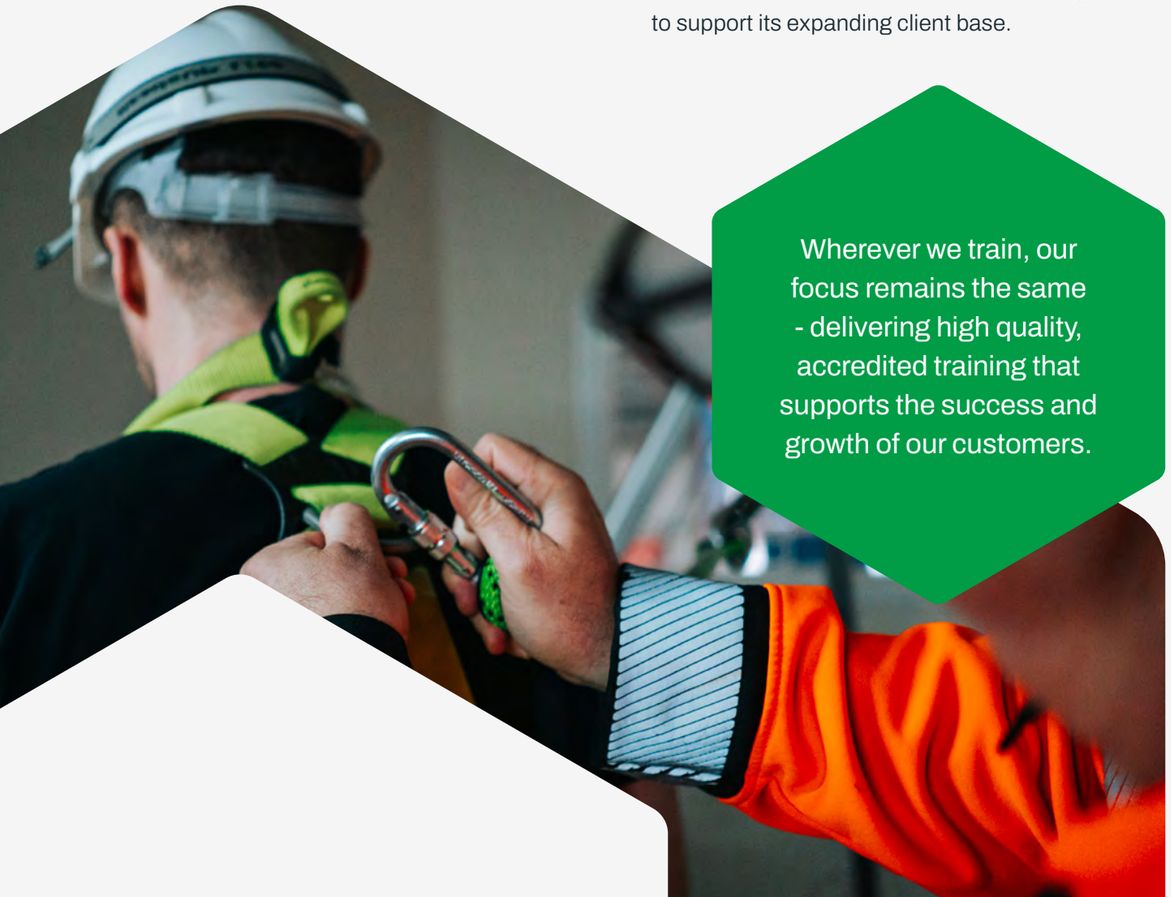
WHO WE ARE

A leading provider of high-quality courses

At COTS Training, our mission is to deliver the highest quality training in the region - supporting individuals and businesses with expert instruction, industry standards, and real-world experience.

COTS Training are more than just a training company, we offer a variety of professional services that aim to support businesses across South Wales and beyond.

Established in 2009, COTS began as a small training provider focused on supporting the transport industry. It has since grown significantly and now delivers a wide range of industry recognised accredited courses across plant and construction, transport and logistics, industrial sectors, confined space, and health and safety. COTS operates from two dedicated training centres to support its expanding client base.



Wherever we train, our focus remains the same - delivering high quality, accredited training that supports the success and growth of our customers.

01

Expert training provider

With over a decade of experience, COTS delivers industry-leading training in Transport & Logistics, Plant & Construction, and Industrial Training.

02

Accredited & recognised

COTS holds accreditations from SQA, OCR, RTITB, NPORS, IPAF, ALLMI,SQA,CLIT, and is an NDGTC member, all of which are widely accepted certifications that meet industry and regulatory standards.

03

State-of-the-art facilities

Our centres in Llandarcy and Briton Ferry include a bespoke confined spaces chamber, multiple classrooms, and a dedicated plant and lifting training centre with privately owned plant equipment.

04

Comprehensive course offering

We provide diverse training, from Driver CPC and ADR – Dangerous Goods to plant operation, ensuring businesses meet compliance and operational requirements.

FACILITIES

Comprehensive facilities

We believe that by creating outstanding learning environments, we give our customers the best opportunity to develop their skills and succeed.

In addition to our purpose-built centres, COTS Training also offers the flexibility to deliver training at customer premises. Where it suits our clients' needs, we bring our high-quality training directly to their site, ensuring minimal disruption and maximum convenience.

Our purpose-built centres, featuring high-spec new equipment and dedicated classrooms, are all easily accessed just minutes from the M4 - designed to maximise the training experience for our valued customers.

COURSES

Transport & Logistics

From ADR Dangerous Goods and Driver CPC to Transport Manager CPC and Forklift Truck training, our courses are developed to meet current legislative and operational standards.

Whether you're upskilling drivers or supporting transport managers, our expert-led training helps businesses stay on the move - safely and efficiently.

Health & Safety

Accredited by Highfield and delivered by knowledgeable trainers, our courses cover everything from First Aid and Fire Safety to Manual Handling and Risk Assessment.

We help individuals and employers meet legal obligations while building a culture of safety and responsibility. Whether you're refreshing knowledge or starting new, our training delivers essential skills that protect your people and your business.

Confined Spaces

Whether you're entering, supervising, or managing confined space work, our City & Guilds-accredited courses focus on safety procedures, hazard awareness, use of equipment, and emergency protocols.

Training is delivered in purpose-built facilities by qualified instructors who understand the demands of high-risk environments. Our qualifications are fully compliant and widely recognised - ensuring every learner is prepared, competent, and confident in confined space scenarios.

Accreditations

At COTS Training, we take great pride in delivering accredited training that meets the highest industry standards.

Accreditation ensures our courses are properly regulated, consistently assessed, and nationally recognised – giving our learners the confidence that they're receiving the very best. We are approved by leading accrediting bodies including CILT, City & Guilds, ALLMI, Highfield, IPAF, JAUPT, NPORS, RTITB, PASMA, and SQA.

> "Thank you for delivering another outstanding course at Swansea Prison.
>
> Your professionalism, flexibility and willingness to adapt to the prison regime has not gone unnoticed by senior members are we are extremely grateful for your support.

More than just a training company

In addition to training, COTS Training offers a range of professional services to support businesses.

We assist with Operator Licensing, offering consultancy and audits to help you stay compliant and operate safely within the law. Our team also develops bespoke Driver Handbooks tailored to your company's needs.

We specialise in Driver CPC training, keeping your drivers up to date with legislation and best practices. Where eligible, we can guide individuals and employers through funded training routes, including ReAct funding for those facing redundancy.

Our mission is to deliver the highest quality training in the region - supporting individuals and businesses with expert instruction, industry standards, and real-world experience.
